ABOUT TIME RACK

Make payroll processing a "non-event" and get your time back: Time Rack alleviates stress with time and attendance automation with a combination of software, time clocks, a mobile app with geofencing, and HR module that are customized to your needs—all fully integrated with Accounting CS and used by hundreds of CPAs since 2013. Say goodbye to manual timekeeping, Excel reporting, paper time cards, and buddy punching. Get a personalized demo to see how many hours Time Rack can save every payroll period. Implementation is conducted by Time Rack experts who will configure all payroll rules, process the first payroll with you, and train users.
